

Mr Ramesh Kymal

A Mechanical engineer by profession, Mr Ramesh Kymal has been the Managing Director of NEG Micon (India) Private Limited since 1997. He has been involved with the Energy Sector for close to a decade now. He worked with various blue chip companies in India and Europe and been profit Head for last 14 years. He worked with the UB group in their UB Engineering Division during the Golden era of growth. A keen learner who believes in constantly trying to improve quality and adding value to both the external customers and internal responsible in the industry, Mr Kymal sure is one who foresees the Wind Sector to be a shining light for all the people involved – customers who invest, the power sector as a whole and the people who need energy. A powerful future is what he envisions for all those who want clean, green and sustainable development.
